Employees,

Another Christmas has been put behind us and we could not have done it without your help. This year we had just 915 children to provide for this year and with the "Santa" gifts you provided it was a good year. The Toy Drive was extremely helpful.

The parents who qualified for assistance were given a date and time to return to pick up the items in December. The items you collected through the "Angel Tree" allowed us to provide Christmas for the children. The toys were then placed in a black bag so the children could not see them when the parents took them home and they were there on Christmas morning from Santa Claus.

Thank you very much for helping us to help the children have "Santa" and for relieving some of the stress from their parents. Your thoughtfulness and generosity are very much appreciated.

God bless you.

Sincerely,

Major Linda Hicks
